Measurement Instructions

Height: Measure from the crown of the head to the floor with your shoes off and your feet together.

Chest/Bust: measure around the highest/broadest part of your chest keeping the tape taught and horizontal.

Waist: measure around your waist at the narrowest point.

Sizing Advice

Garments are virtually all semi form or form (i.e. ultra-close) fitting. Importantly they have been cut / designed to reflect this so **you should not** order a smaller size to achieve a closer fit.

If your body measurement is on the border between two different sizes – the smaller size will obviously result in a snugger fit and the larger a slightly more relaxed fit.

If your body measurement for your height and chest suggest two different sizes – for a better fit you should normally **go with the size of your chest measurement**.
